<Explanation of Reference Numerals>

- 4 Positive electrode
- 5 Negative electrode
- 7 Innermost periphery of beltlike positive electrode
- 8 Innermost periphery of beltlike negative electrode
- 9 The first margin
- 10 End of innermost region of beltlike negative electrode
- 11 End of innermost region of beltlike positive electrode
- 12 Outermost periphery of beltlike positive electrode
- 13 Outermost periphery of beltlike negative electrode
- 14 The second margin
- 15 End of outermost region of beltlike positive electrode
- 16 End of outermost region of beltlike negative electrode
- 17 End in widthwise direction of negative electrode
- 18 End in widthwise direction of negative electrode
- 19 End in widthwise direction of positive electrode
- 20 End in widthwise direction of positive electrode
- 21 The third margin
- 22 The fourth margin
